

Your **dreams** go with you.

THE HONDA CR-V RAISES THE BAR

The vehicle that defined a category now redefines what a compact sport-utility vehicle can be. Introducing the redesigned Honda CRV: delivering a wealth of standard features and driver and passenger conveniences. Welcome to the style, elegance and versatility of the Honda CR-V.

EXCELLENCE IN EVERY DETAIL

Every surface, every contour, and every feature has been thoughtfully designed to create a truly superior driving experience in every sense. The CR-V brings together an impressive collection of features and conveniences, all designed with you in mind.

TRAVEL IN STYLE

Discover comfort and style in a cabin boasting attention to every detail. From front seats designed for greater comfort to more rear legroom than even many larger SUVs, you and your passengers are comfortable from Point A to B.

PANORAMIC ROOF

The large panoramic roof on the CR-V offers beautiful, expansive views to passengers in the second row. Whether its being used to stargaze or to get a better view of Mother Nature, it's a sight for your eyes (RVSi).

DISPLAY AUDIO TOUCHSCREEN & IN-CAR SMARTPHONE INTEGRATION APP¹

Connect your CR-V with your compatible smartphone for directions, appointments and even the weather on the standard 7-inch display audio touch screen

REAR USB PORTS

Keep your passengers powered up for whatever comes next with dual 2.5-amp USB charging ports in the second row (RVSi).

DUAL-ZONE AUTOMATIC CLIMATE CONTROL

With Dual-Zone Automatic Climate Control, it's easy to keep everyone comfortable whenever you and your passengers are out and about.

START YOUR DAY RIGHT

The redesigned CR-V delivers more comfort and convenience than ever, from an available leathertrimmed interior to a power tailgate (RVSi). Because design that enhances is the Honda way.

-

Safety is always a priority for Honda. That is why every CR-V comes equipped with standard safety features designed to keep you and your loved ones comfortable and protected at all times.

Honda LANEWATCH²

Signal left and a small camera displays live video on your Display Audio screen, revealing nearly four times more than the passenger-side mirror alone (RVSi).

MULTI-ANGLE REARVIEW CAMERA³

Backing up doesn't have to be a guessing game. See more of what's behind you with the multi-angle rearview camera with dynamic guidelines.

PARKING SENSORS

Sensors on the rear bumpers of the CR-V can detect vehicles approaching from either side. The driver is alerted by an audible chime and arrows in the rearview camera display. RVSi trims are equipped with front sensors.

ADVANCED COMPATIBILITY ENGINEERING (ACE) BODY STRUCTURE

The ACE body structure is a Hondaexclusive body design that enhances occupant protection and crash compatibility in frontal collisions.

ACCESSORIES

¹ In-car Smartphone Integration App may not be supported in all countries. ² Display accuracy will vary based on weather, size of object and speed, and the display may not show all relevant traffic. The display is not a substitute for your own direct visual assessment of traffic conditions before changing lanes. ³ Always visually confirm that it is safe to drive before backing up; the rearview camera display does not provide complete information about all conditions and objects at the rear of your vehicle. Honda reminds you and your passengers to always use seat belts and appropriate child seats. Children 12 and under are safest when properly restrained in the rear seat. Specifications, features, illustrations and equipment shown in this brochure are based upon latest available information at the time of printing. Although descriptions are believed to be correct, accuracy cannot be guaranteed. American Honda Motor Co., Inc., reserves the right to make changes at any time, without notice or obligation, in colors, specifications, accessories, materials and models. Some features mentioned herein are not available in all areas. Please see your Honda dealer for details. Some vehicles may be shown with optional equipment. Available = Optional.
